**RE: Hearing Order request; Battle v Microsoft Corporation; 1:23-cv-01822,
Judge Lydia Kay Griggsby**

Respectfully,

I request that the court enter an emergency hearing order as soon as possible to set a schedule for arbitration and report the outcome to the court as ordered. The defendant has not adhered to the cease-and-desist orders, placing my life and safety and my family's life and safety in immediate and continuous danger.

- A. I, Jeffery Battle, Plaintiff, request an emergency scheduling concession. My family and I have had to move out of my home due to life and safety concerns surrounding the problems presented in this case.
- B. Keeping with the rule of case management, I entered a Request for Permission to File a Motion for Hearing, Docket 50, dated November 5, 2024, which contains the language and justification for a hearing to set a schedule for arbitration and report the outcome to the court as ordered.
- C. The language that would be included in a formal Motion for Hearing has been presented in the Request to File a Motion for Hearing documentation Docket 50, dated November 5, 2024.

D. The defendant was contacted by email on October 31, 2024, to agree to set a schedule for arbitration and the reporting of the outcome to the court as ordered, with no response from the defendant (see email attachments Docket 50, dated November 5, 2024).

Respectfully,

A handwritten signature in black ink, appearing to read "J. Battle", written in a cursive style.

Jeffery Battle

NOTE: This communication was forwarded to the defendant by FedEx Next Day Mail with a Signature confirmation and emailed.
